The effects of The 2011 off the Pacific coast of Tohoku Earthquake (3rd Report)

We would like to express our deepest condolences and sympathy to the victims of The 2011 off the Pacific coast of Tohoku Earthquake and Tsunami on 11th March.

We have continually confirmed the effects of the Earthquake. As of March 31, the effects are as follows.

1. Status of damage

Manufacturing operations sustained no direct damage but are now being affected by the planned power outage.

Regarding the procurement of raw materials, there is little impact. It is not expected to have major impact on the manufacturing operations.
